

Axio Vert.A1 Carl Zeiss

Inverted Microscope for Advanced Routine

Choose from all standard contrasting techniques, including DIC, to investigate your cell cultures. Axio Vert.A1 produces brilliant images to answer your questions. Axio Vert.A1 is the only system in its class with such a large range of features, compact enough in fact to sit directly beside your incubator. Look into the very essence of your research while keeping your cell culture in its own protected environment.

Features:

- o LED Excitation
- o Ergonomic Design
- o **IVF Contrast System** - Unites iHMC, PlasDIC and DIC without modification
